**Dan Abrams : Man Down: Proof Beyond a Reasonable Doubt That Women Are Better Cops, Drivers, Gamblers, Spies, World Leaders, Beer Tasters, Hedge Fund Managers, and Just About Everything Else** before purchasing it in order to gage whether or not it would be worth my time, and all praised Man Down: Proof Beyond a Reasonable Doubt That Women Are Better Cops, Drivers, Gamblers, Spies, World Leaders, Beer Tasters, Hedge Fund Managers, and Just About Everything Else:

0 of 0 people found the following review helpful. Depends on your perspective. By chelsea russell I heard about this author on the IQ2 podcast, and as a woman, I like the argument! However, it is written by a lawyer and he uses lawyer-

like arguments. I found myself shaking my head sometimes... Decent read to expand your world view. 1 of 2 people found the following review helpful. started out promising but too long. By Quilty This was an interesting read. I am looking for a book for my womens book club to read. The independent women of the group should find much to discuss after reading Mr Abrams` arguments. Although this was a short book, I found myself wishing it was shorter. Possibly combining some chapters would have helped. Updated. Did not recommend for book club. Too much repetition of points. Those independent thinkers would have been bored before completing. 1 of 2 people found the following review helpful. Funny, easy little book By barbara a. Funny, easy little book. At this point, a little dated. All the studies were done several yrs. ago. Great little book, though!

Ladies and gentlemen of the jury, everyone is familiar with the tired clichs: women are bad drivers and are not good with money; only guys play video games and they give bad directions. Dan Abrams tackles the toughest case of his career in Man Down. Drawing on years of legal experience and research studies, Abrams explains step-by-step why women are better than men in just about every way imaginable, from managing money to flying planes to living longer. Abrams uses his trademark charm to get his point across without opining on the issue himself. Chock-full of fun facts and conversation starters, this book may not end the debate of men versus women, but it will definitely make it more interesting. Praise for Man Down: "a provocative collection of bite-size pro-women essays" -Wall Street Journal "compelling, controversial" -Glamour "I've always liked Dan Abrams. And now that he's charmingly admitted what we all knew anyway, I like him even more!" -Liz Smith

"[Abrams] reads every sentence with a bombastic punch and in lawyerly fashion ends the audiobook with a closing argument." - AudioFile "Abrams himself reads this short, entertaining book in a tone that, like Man Down, doesn't take itself too seriously. Recommended for public libraries." - Library Journal
