Chad Johnson : Mandolin Scale Finder: Easy-to-Use Guide to Over 1,300 Mandolin Scales, 6 inch. x 9 inch. Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mandolin

Scale Finder: Easy-to-Use Guide to Over 1,300 Mandolin Scales, 6 inch. x 9 inch. Edition:

2 of 2 people found the following review helpful. Look Out Grisman Here I Go!By CustomerPretty comprehensive presentation of all available scales: IDPLMAL, harmonic minor, melodic minor, whole tone, diminished scales! The only thing that could make it better is instruction on fingering. You are left to your own devices on that. It's 6X9" format could stand to go 8X11" but it's completely legible as is. Kudos Hal Leonard4 of 4 people found the following review helpful. Exactly what I neededBy Jason Scott CarterThis book is invaluable for learning mandolin players. Can also be used, as I do, for learning scale shapes for tenor guitar and as a layman fiddler with poor music notation reading skills.1 of 1 people found the following review helpful. Tiny images, tiny type, lots of informationBy 12345This book is small, therefore very easy to carry, but it is like it was shrunk down. Both the images and type are extremely difficult to make out, even if your eyes are close to 20/20. The information is nice to have on hand.

(Fretted). Presents scale diagrams for the most often-used scales and modes in an orderly and easily accessible fashion. Use this book as a reference guide or as the foundation for creating an in-depth practice routine. Includes multiple patterns for each scale, a lesson on scale construction, and a fingerboard chart of the mandolin neck.
