There is no point in paying twice as much for a new book if you then need to purchase the additional media separately. Save your money and buy used, or buy directly from the publisher to ensure you get all the materials that should be included with your purchase.0 of 0 people found the following review helpful. BEST GRAMMAR REFERENCE bookBy objectivitykeyIf you are a serious student who wants to speak grammatically correct, this is your reference book. Truly excellent examples/explanations I passed DELE B2 and preparing for DELE C1 and it is the best review book in the market. Thank you Author!0 of 0 people found the following review helpful. I highly recommendBy collegestudentI'm an intermediate spanish student starting my third year of college spanish and this book is very helpful. I highly recommend it

Thanks to its flexibility, simplicity, and range, *MANUAL DE GRAMÁTICA*, 6th Edition, is the most accessible grammar reference for intermediate and advanced Spanish students. It combines clear, easy-to-use charts with detailed grammar presentations in English, and offers valuable conceptual distinctions between Spanish and English. The text follows a logical progression of topics, from parts of speech to verb tenses to the finer points of lexical variation. Facilitating independent study, the online answer key provides students an opportunity to self-correct in practice. The text covers all major grammatical rules of Spanish and offers real-world applications of all grammar points, making it an invaluable reference tool for intermediate and advanced literature and language courses.
