However, we found that we used maps in free publications that we picked up there more than this map. I'd save the \$5 and put it towards the book "Maui Revealed". That was a book we referred to everyday, and it has maps of the towns in it as well.0 of 0 people found the following review helpful. unreliableBy DaveDon't rely on the city maps! Five StarsBy TamaraEasy map to use while on vacation! But FYI there are free maps of Maui everywhere!
