Five Stars By Vincent Doraz This book was a lot of fun to read from. 19 of 20 people found the following review helpful. a real stunner--explicit shots of some of the biggest gay porn stars By Daniel W. Kelly about 60 of the biggest names in the biz (literally) get a full 4-6 pages of interview questions, plus, of course, 1 or 2 nude publicity stills in which they look absolutely stunning. Along with stats for each star,

including height, weight, SIZE, favorite sexual position, they are asked questions about how they got into the biz, the scenes they had the most fun doing, crushes and relationships involving other porn stars, and plenty more. And the selection of guys is diverse, including daddies, bears, black, Latin, twinkles, muscle hunks, leather boys. If you love porn and its stars, this is definitely a cover to cover read, and not just for the pictures. It would be great to see a DVD version of this sort of book, with one-on-one interviews with the stars so we can get a more intimate feel for them as real men, not just onscreen fantasies. 26 of 29 people found the following review helpful.
